

CUSTOMER PRODUCT BROCHURE

Solar products, accessories & structures

A complete, searchable catalogue of sourced product lines
with model references, specifications and actual product photos.

439 sourced product lines

66 categories · 158 unique product-family images

Customer prices: available on request. Confirm current model, availability and specifications before ordering.

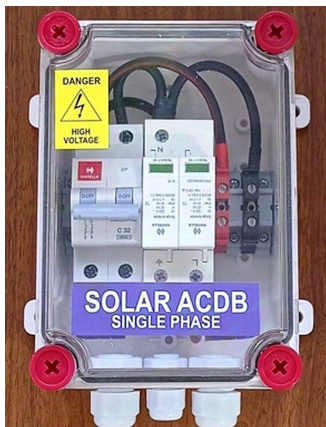

Browse by product category

Product descriptions and specifications reflect the supplied supplier catalogues. Supplier purchase costs are excluded. Confirm current models, specifications, compatibility and availability before ordering.

Wind Turbines – Vertical Axis (50 kW)REF WND-VA-003

Wind Sail Energy PK60-AB VAWT | 50 kW rated / 60 kW max

Vertical-axis wind turbine; rated power 50 kW, maximum 60 kW; rated wind speed 11 m/s; cut-in 2 m/s; cut-out 25 m/s; survival wind speed 60 m/s. Rotor: 12 m diameter × 9 m height, 10.8 t; four FRP blades; truss tower 11.5 m / 2.8 t. Three-phase PMG, AC 450 V / 64.2 A; IP54; active hydraulic pitch control, automatic hydraulic brake, remote monitoring. Manufacturer performance datasheet should be used for energy-yield estimates.

Options: Wind Sail Energy

Solar Inverters – On-grid (Single Phase)REF INV-TECH-ON-001

Techfine HK-series | 6.2 kW on-grid, battery-free

Single-phase grid-tied PV inverter, model HK6200; rated output 6.2 kW; no battery required; CT anti-backflow/export limiting; 220/230/240 V AC; PV operating range 60–500 V DC; maximum PV input 9 kW and maximum input current 27 A; maximum DC/AC efficiency above 95%; pure sine-wave output. Confirm local grid code, CT kit and protections for the destination market.

Options: Techfine

PRICE ON REQUEST

Solar Inverters – Hybrid (Single Phase, 240 V AC)REF INV-TECH-HY-001

Techfine XA-series | 6.6, 8.6 & 10.6 kW hybrid

Single-phase hybrid series, models XA6648 / XA8648 / XA10648. Rated output 6.6/8.6/10.6 kW; maximum PV input 12/16/18 kW; 48 V nominal lead-acid or lithium batteries, 40–60 V range; two MPPT; 500 V maximum PV DC voltage; PV input current 21 A on XA6648 and 27 A on XA8648/XA10648; IP66; dual AC output and dual AC sources; up to 9 units parallel; maximum efficiency above 97%.

Options: Techfine

PRICE ON REQUEST

Solar Inverters - Off-grid (Single Phase)

Solar Inverters - Off-grid (Single Phase)

REF INV-TECH-OG-001

Techfine JV-series | 3, 4, 5 & 8 kW off-grid

Low-frequency transformer-based, single-phase off-grid series: JV3824AM8V 3 kW / 24 V; JV5048AM8V 4 kW / 48 V; JV6348AM8V 5 kW / 48 V; JV10048AM8V 8 kW / 48 V. Pure sine-wave 220 V inverter output; external lead-acid, water or lithium battery; PV MPPT range 30–245 V DC for 24 V models and 60–245 V DC for 48 V models; 245 V maximum PV open-circuit voltage; up to 100 A solar charging; built-in BMS and RS232 communications. Confirm exact battery and PV current configuration for the selected model.
